Message from the Management

"Chirayu National Hospital and Medical Institute (CNHMI) brings together a dedicated team of expert physicians, nurses, and other healthcare professionals to provide the highest standards of medical treatment. Our multidisciplinary services offer extensive and state-of-the-art medical care. Our full range of primary and specialty healthcare services enable cross-specialty consultation, which assures comprehensive treatment for each patient.

AT CNHMI, WE ARE PROUD TO BE A STIMULATING INSTITUTION WITH A TRADITION OF HIGH STANDARDS OF TEAM EXCELLENCE IN PATIENT-CENTRED CARE, TEACHING AND RESEARCH.

Our primary goal as health care providers is to put our patients first through teamwork, clinical excellence, and compassionate care. Throughout the years our effort has been to make our services and facilities affordable and accessible to all sectors of people

- The cornerstone of Chirayu is its unstinting focus on clinical excellence, affordable costs, modern technology, and forward-looking research & academics."

OVERVIEW OF THE COMPANY

Chirayu National Hospital and Medical Institute (CNHMI), strategically located at Maharajgunj, Kathmandu, is a private hospital providing ethical and personalised care within an infrastructure on par with the best facility in the country. CNHMI commenced its operation in December 2013, offering both out-patient services and in-patient services.

CNHMI provides best practice general and specialist medical services with high quality and affordable medical care by leveraging skills of highly trained Nepalese consultants with access to state of the art equipment and technology.

Our multidisciplinary services offer extensive and state-of-the-art medical care with a full range of primary and specialty healthcare services enable cross-specialty consultation, assuring a comprehensive treatment for each patient.

CNHMI is owned by corporate investors together with a number of consultant doctors practicing at the hospital.
